Indicator	Definition
I. Power, Decision-Making, and Influence	
Voter Turnout Rate in County Mayor Elections	The percentage of voters who cast their ballots in the county mayor election.
Current Number of Regional Legislators	The current number of legislators elected from the county's constituencies.
Current Number of County Councilors	The current number of county councilors elected from the county's constituencies.
Current Number of Township and City Mayors	The current number of township and city mayors elected from the administrative districts of the county.
Current Number of Township and City Mayors – Mountain Indigenous Townships	The current number of township and city mayors elected from mountain indigenous townships (Xiulin, Wanrong, Zhuoxi) of the county.
Current Number of Township and City Mayors – Flatland	The current number of township and city mayors elected from flatland townships (excluding Xiulin, Wanrong, Zhuoxi) of the county.
Number of Government Employees and Teachers at the End of the Year	The number of officially appointed government employees and teachers at various government agencies and schools at the end of the year.
Number of Government Employees and Teachers at Hualien County Government – Senior Rank	The number of officially appointed government employees and teachers at various government agencies and schools at the senior rank.
Number of Government Employees and Teachers at Hualien County Government – Junior Rank	The number of officially appointed government employees and teachers at various government agencies and schools at the junior rank.
Number of Government Employees and Teachers at Hualien County Government – Elementary Rank	The number of officially appointed government employees and teachers at various government agencies and schools at the elementary rank.
Number of Government Employees by Educational Attainment – University Degree and Above	The number of officially appointed government employees and teachers at various government agencies and schools with a university degree or above.
Number of Government Employees by Educational Attainment – College Graduate	The number of officially appointed government employees and teachers at various government agencies and schools with a college degree.
Number of Government Employees by Educational Attainment – Senior High School (Including Vocational)	The number of officially appointed government employees and teachers at various government agencies and schools who graduated from senior high school (including vocational school).
Number of Village and Borough Chief Candidates	The number of candidates for village and borough chief elections in the county's electoral districts.
Number of Elected Village and Borough Chiefs	The current number of elected village and borough chiefs in the county's electoral districts.
Number of County Mayor Candidates	The number of candidates for the county mayor election.
Number of Elected County Mayors	The current number of elected county mayors.

II. Definitions of Gender Statistics Indicators

Indicator	Definition
Number of Farmers' Association Directors – Upper-level Farmers' Associations	The number of directors established in the upper-level farmers' associations of the county.
Number of Farmers' Association Directors – Grassroots Farmers'	The number of directors established in the grassroots farmers' associations of townships, cities, and districts.
Number of Farmers' Association Supervisors – Upper-level Farmers'	The number of supervisors established in the upper-level farmers' associations of the county.
Number of Farmers' Association Supervisors – Grassroots Farmers'	The number of supervisors established in the grassroots farmers' associations of townships, cities, and districts.
Number of Farmers' Association Member Representatives – Upper-level Farmers' Associations	The number of member representatives established in the upper-level farmers' associations of the county.
Number of Farmers' Association Member Representatives – Grassroots	The number of member representatives established in the grassroots farmers' associations of townships, cities, and districts.
Gender Ratio of Gender Equality Committee Members	The gender ratio (male/female) of the Gender Equality Committee members at the county government.
Number of Chairpersons of Community Development Associations	The number of chairpersons established in community development associations of the county.
Number of Supervisors of Community Development Associations	The number of supervisors established in community development associations of the county.
Equality Education Committee Members	The gender ratio (male/female) of the members of the Gender Equality Education Committee in the county.
II. Employment, Economy, and Welfare	
Labor Force	Refers to the civilian population aged 15 and above capable of working during the reference week, including both the employed and the unemployed.
Labor Force Participation Rate	The percentage of the civilian population aged 15 and above participating in the labor force. $(\text{Labor force population} \div \text{civilian population aged 15 and above}) \times 100$
Labor Force Participation Rate – Junior High School and Below	Labor force participation rate for those with junior high school education or below. $(\text{Labor force population with junior high school education or below} \div \text{civilian population aged 15 and above with junior high school education or below}) \times 100$
Labor Force Participation Rate – Senior High School (Including Vocational)	Labor force participation rate for those with senior high school (including vocational) education. $(\text{Labor force population with senior high school education} \div \text{civilian population aged 15 and above with senior high school education}) \times 100$
Labor Force Participation Rate – College and Above	Labor force participation rate for those with college education or above. $(\text{Labor force population with college education or above} \div \text{civilian population aged 15 and above with college education or above}) \times 100$
Labor Force Participation Rate – Never Married	The percentage of the never married civilian population aged 15 and above participating in the labor force.

II. Definitions of Gender Statistics Indicators

Indicator	Definition
Labor Force Participation Rate – Married or Cohabiting	The percentage of the married or cohabiting civilian population aged 15 and above participating in the labor force.
Labor Force Participation Rate – Divorced, Separated, or Widowed	The percentage of the divorced, separated, or widowed civilian population aged 15 and above participating in the labor force.
Employed Population	Refers to individuals aged 15 and above during the reference week who meet one of the following criteria: (1) engaged in remunerative work (regardless of hours worked) or unpaid family workers working 15 hours or more per week; (2) employed but not working for remuneration; (3) employed and paid but not yet started working.
Unemployment Rate	The percentage of the labor force that is unemployed. The unemployed are defined as individuals aged 15 and above who meet all of the following conditions during the reference week: (1) without work; (2) available for work; (3) seeking work or waiting to begin a new job. Also includes those waiting to resume a job or those who have found a job but have not yet started without pay. $(\text{Number of unemployed} \div \text{labor force population}) \times 100$
Unemployment Rate – Junior High School and Below	Unemployment rate for those with junior high school education or below. $(\text{Unemployed population with junior high school education or below} \div \text{labor force population with junior high school education or below}) \times 100$
Unemployment Rate – Senior High School (Including Vocational)	Unemployment rate for those with senior high school (including vocational) education. $(\text{Unemployed population with senior high school education} \div \text{labor force population with senior high school education}) \times 100$
Unemployment Rate – College and Above	Unemployment rate for those with college education or above. $(\text{Unemployed population with college education or above} \div \text{labor force population with college education or above}) \times 100$
Labor Force Participation Rate of Indigenous Peoples	The percentage of indigenous peoples aged 15 and above participating in the labor force.
Employment Rate of Indigenous Peoples	The percentage of the indigenous labor force that is employed.
Unemployment Rate of Indigenous Peoples	The percentage of the indigenous labor force that is unemployed.
Number of Existing Company Registrations (by Gender of Responsible Persons)	Refers to the responsible persons of companies registered under the Company Act by the end of the year.
Capital Amount of Existing Company Registrations (by Gender of Responsible Persons)	Refers to the total capital amount of companies registered under the Company Act by the end of the year.
Number of Registered Bed and Breakfast Operators	Refers to individuals operating bed and breakfast establishments who have obtained registration certificates in accordance with the Bed and Breakfast Management Regulations.

II. Definitions of Gender Statistics Indicators

Indicator	Definition
Number of Foreign and Social Welfare Workers in the Industrial Sector	(1) Number of foreign workers in the industrial sector refers to foreigners employed in marine fishing, manufacturing, construction, and slaughterhouse work as stipulated in Article 46, Paragraph 1, Subparagraphs 8 and 10 of the Employment Services Act. (2) Number of social welfare foreign workers refers to foreigners employed in domestic help, institutional caregiving, home caregiving, and outreach caregiving as stipulated in Article 46, Paragraph 1, Subparagraph 9 of the Employment Services Act.
Number of Low-Income Individuals	Refers to the number of individuals registered as members of low-income households. A low-income household is determined by the local government authority after application and verification, based on total family income and assets below the threshold announced for the year.
Number of Low-Income Households (by Gender of Household Heads)	Refers to the number of low-income households (categorized by gender of household heads). A low-income household is determined by the local government authority after application and verification, based on total family income and assets below the threshold announced for the year.
Number of Low-Income Indigenous Individuals	Refers to the number of indigenous individuals registered as members of low-income households.
Number of Low-Income Indigenous Households (by Gender of Household Heads)	Refers to the number of indigenous low-income households (categorized by gender of household heads). Definition of indigenous households: (1) If the household head is indigenous, it is classified as an indigenous household; (2) If the household head is non-indigenous but indigenous members outnumber non-indigenous members, it is classified as an indigenous household. In case of equal numbers, the status is determined by the older member's ethnicity.
Number of Persons with Disabilities	Refers to individuals holding a disability identification certificate or handbook.
Number of Farmers Insured Under the Farmers' Health Insurance Program	Refers to individuals insured under the Farmers' Health Insurance Program as stipulated in Articles 5 and 7 of the Farmers' Health Insurance Act.
Number of Insured Persons Under the Labor Insurance	Refers to individuals insured under the Labor Insurance Program as stipulated in Articles 6 to 9 and 9-1 of the Labor Insurance Act.
Number of Beneficiaries of the Old-Age Farmers' Welfare Allowance	Refers to individuals who have applied for and received the Old-Age Farmers' Welfare Allowance according to Articles 3 and 4 of the Temporary Provisions for Old-Age Farmers' Welfare Allowance.
Number of Labor-Management Disputes	Refers to the number of cases of disputes between employers (or employer organizations) and employees.
Number of Persons with Disabilities Employed Under Quota System	Refers to the actual number of persons with disabilities employed under the employment quota system, based on the number of persons participating in labor or public insurance on the 1st day of the month, excluding those laid off, dismissed, or retired but still insured.
Number of Middle- and Low-Income Seniors Receiving Living Allowance	Refers to the number of middle- and low-income seniors receiving living allowances in accordance with the regulations on living allowances for middle- and low-income seniors.
Number of Care Recipients of Special Care Allowance for Middle- and Low-Income	Refers to the number of care recipients receiving the special care allowance for middle- and low-income seniors.

II. Definitions of Gender Statistics Indicators

Indicator	Definition
Number of Volunteers in Social Welfare Services	Refers to the number of volunteers participating in social welfare services under the supervision of the County Social Affairs Department in accordance with the Volunteer Service Act.
Proportion of Persons with Disabilities to Total Population	The proportion of individuals holding disability certificates or handbooks to the total population.
Number of Profit-Seeking Enterprises – by Gender of Responsible Persons, Representatives, or Managers	Refers to the responsible persons, representatives, or managers of profit-seeking enterprises registered under Article 28, Chapter 5 of the Value-added and Non-value-added Business Tax Act.
Number of Labor Union	Refers to individuals who join labor unions as workers.
Number of First-Time Approvals of Parental Leave Allowance	Refers to the number of individuals receiving their first approval for parental leave allowance under the Employment Insurance system.
Number of Subsidized Denture Recipients among Middle- and Low-Income Seniors	Refers to the number of middle- and low-income seniors in the county receiving subsidies for denture installation.
Number of Volunteers Affiliated with Local Government Social Welfare Agencies	Refers to the number of volunteers affiliated with local government social welfare agencies participating in volunteer services in accordance with the Volunteer Service Act.
Assessed Land Value Tax Amount – by Gender of Taxpayers	Refers to the assessed amount of land value tax by gender of taxpayers in the county.
Number of Land Value Tax Billing Cases – by Gender of Landowners	Refers to the number of land value tax billing cases by gender of landowners in the county (excluding non-natural persons and jointly owned landowners).
Land Area Subject to Land Value Tax – by Gender of Landowners	Refers to the land area subject to land value tax by gender of landowners in the county (excluding non-natural persons and jointly owned landowners).
Land Value Subject to Land Value Tax – by Gender of Landowners	Refers to the land value subject to land value tax by gender of landowners in the county (excluding non-natural persons and jointly owned landowners).
Number of House Tax Billing Cases – by Gender of Property Owners	Refers to the number of house tax billing cases by gender of property owners in the county (excluding non-natural persons and jointly owned landowners).
Building Floor Area Subject to House Tax – by Gender of Property Owners	Refers to the building floor area subject to house tax by gender of property owners in the county (excluding non-natural persons and jointly owned landowners).
Taxable Value of Buildings Subject to House Tax – by Gender of Property Owners	Refers to the taxable value of buildings subject to house tax by gender of property owners in the county (excluding non-natural persons and jointly owned landowners).
Number of Registered Private Land Parcels by Landowner Gender	Refers to the number of registered private land parcels by landowner gender.
Current Number of Land Administration Agents	Refers to the current number of land administration agents in the County Government and local land offices, including staff on payroll, contract workers, and surveying assistants.

II. Definitions of Gender Statistics Indicators

Indicator	Definition
Number of Licensed Architects in Practice	Refers to the number of licensed architects practicing in the county who have obtained architect certificates and operating licenses according to the Architects Act.
Number of Licensed Interior Design Technicians	Refers to the number of licensed interior design technicians who have registered with the central competent authority and hold certificates in interior design.
Number of Licensed Interior Construction Technicians	Refers to the number of licensed interior construction technicians who have registered with the central competent authority and hold certificates in interior construction.
Number of Licensed Interior Design and Construction Technicians	Refers to the number of licensed interior design and construction technicians who have registered with the central competent authority and hold certificates in both interior design and construction.
Number of Licensed Land Administration Agents	Refers to the number of licensed land administration agents registered and approved in the county under Article 7 of the Land Administration Agents Act or transferred from other counties or cities under Article 14.

III. Education, Media, and Culture

Marital Status of Population Aged 15 and Above – Never Married	Number of individuals aged 15 and above who were never married at the end of the year according to household registration.
Marital Status of Population Aged 15 and Above – Married (Same-Sex)	Number of individuals aged 15 and above who were married to a same-sex partner at the end of the year according to household registration.
Marital Status of Population Aged 15 and Above – Married (Different-Sex)	Number of individuals aged 15 and above who were married to a different-sex partner at the end of the year according to household registration.
Marital Status of Population Aged 15 and Above – Divorced (Same-Sex)	Number of individuals aged 15 and above who were divorced from a same-sex partner at the end of the year according to household registration.
Marital Status of Population Aged 15 and Above – Divorced (Different-Sex)	Number of individuals aged 15 and above who were divorced from a different-sex partner at the end of the year according to household registration.
Marital Status of Population Aged 15 and Above – Widowed (Same-Sex)	Number of individuals aged 15 and above who were widowed from a same-sex partner at the end of the year according to household registration.
Marital Status of Population Aged 15 and Above – Widowed (Different-Sex)	Number of individuals aged 15 and above who were widowed from a different-sex partner at the end of the year according to household registration.
Marital Status of Indigenous Population Aged 15 and Above – Never Married	Number of indigenous individuals aged 15 and above who were never married at the end of the year according to household registration.
Marital Status of Indigenous Population Aged 15 and Above – Married (Same-Sex)	Number of indigenous individuals aged 15 and above who were married to a same-sex partner at the end of the year according to household registration.
Marital Status of Indigenous Population Aged 15 and Above – Married (Different-Sex)	Number of indigenous individuals aged 15 and above who were married to a different-sex partner at the end of the year according to household registration.

II. Definitions of Gender Statistics Indicators

Indicator	Definition
Marital Status of Indigenous Population Aged 15 and Above – Divorced (Same-Sex)	Number of indigenous individuals aged 15 and above who were divorced from a same-sex partner at the end of the year according to household registration.
Marital Status of Indigenous Population Aged 15 and Above – Divorced (Different-Sex)	Number of indigenous individuals aged 15 and above who were divorced from a different-sex partner at the end of the year according to household registration.
Marital Status of Indigenous Population Aged 15 and Above – Widowed (Same-Sex)	Number of indigenous individuals aged 15 and above who were widowed from a same-sex partner at the end of the year according to household registration.
Marital Status of Indigenous Population Aged 15 and Above – Widowed (Different-Sex)	Number of indigenous individuals aged 15 and above who were widowed from a different-sex partner at the end of the year according to household registration.
Number of Foreign Spouses and Spouses from Mainland China (Including Hong Kong and Macau)	Number of individuals applying for entry through the National Immigration Agency, Ministry of the Interior.
Average Age at First Marriage	The average age of individuals entering into first marriage during the year.
Number of Marriages by Original Nationality – Nationals	Refers to marriages where the nationality of the individual's parents was national or had been naturalized to the Republic of China prior to marriage.
Number of Marriages by Original Nationality – Mainland China and Hong Kong/Macau	Refers to marriages where the nationality of the individual's parents was from Mainland China or Hong Kong/Macau prior to marriage.
Number of Marriages by Original Nationality – Foreign Nationals	Refers to marriages where the nationality of the individual's parents was from Southeast Asia or other countries prior to marriage.
Divorce Rate Among the Married Population	The ratio of divorced males (females) during a specific period to the number of married males (females) during the same period.
Remarriage Rate	The ratio of remarried grooms (brides) during a specific period to the number of divorced and widowed males (females) during the same period.
First Marriage Rate	The ratio of first-time married grooms (brides) during a specific period to the number of marriageable unmarried males (females) during the same period.
Number of Elementary School Students	Number of students enrolled in public and private elementary schools (including affiliated but excluding special education schools).
Number of Junior High School Students	Number of students enrolled in public and private junior high schools (including affiliated but excluding special education schools).
Number of Senior Secondary School Students	Number of students enrolled in public and private senior secondary schools, including general education, vocational education, comprehensive high schools, practical skills programs, and continuing education divisions (data available starting from the 2014 academic year with the implementation of the Senior High School Education Act).
Number of Elementary School Teachers	Number of teachers (including principals) in public and private elementary schools.
Number of Junior High School Teachers	Number of teachers (including principals) in public and private junior high schools.

II. Definitions of Gender Statistics Indicators

Indicator	Definition
Number of Directors and Section Chiefs – Elementary Schools	Number of directors and section chiefs appointed in elementary schools.
Number of Directors and Section Chiefs – Junior High Schools	Number of directors and section chiefs appointed in junior high schools.
Number of Senior Secondary School Teachers	Number of teachers (including principals) in public and private senior secondary schools (data available starting from the 2014 academic year with the implementation of the Senior High School Education Act).
Number of Children of New Immigrants Enrolled in Elementary and Junior High Schools	Number of children of new immigrants enrolled in public and private elementary and junior high schools. New immigrant children refer to students with at least one parent who holds a valid Alien Resident Certificate, permanent residence certificate, has naturalized to Taiwanese nationality, or has entered Taiwan for residence or settlement from Mainland China (including Hong Kong and Macau).
Number of Children of New Immigrants Enrolled in Elementary Schools – Mainland China (Including Hong Kong and Macau)	Number of children of new immigrants from Mainland China (including Hong Kong and Macau) enrolled in public and private elementary schools.
Number of Children of New Immigrants Enrolled in Elementary Schools – Southeast Asia	Number of children of new immigrants from Southeast Asia enrolled in public and private elementary schools.
Number of Children of New Immigrants Enrolled in Elementary Schools – Other Regions	Number of children of new immigrants from other regions enrolled in public and private elementary schools.
Number of Children of New Immigrants Enrolled in Junior High Schools – Mainland China (Including Hong Kong and Macau)	Number of children of new immigrants from Mainland China (including Hong Kong and Macau) enrolled in public and private junior high schools.
Number of Children of New Immigrants Enrolled in Junior High Schools – Southeast Asia	Number of children of new immigrants from Southeast Asia enrolled in public and private junior high schools.
Number of Children of New Immigrants Enrolled in Junior High Schools – Other Regions	Number of children of new immigrants from other regions enrolled in public and private junior high schools.
Number of Elementary School Dropouts	Number of elementary school students absent without leave or failing to report to the transfer school for three or more days.
Number of Junior High School Dropouts	Number of junior high school students absent without leave or failing to report to the transfer school for three or more days.
Number of Indigenous Elementary School Dropouts	Number of indigenous elementary school students absent without leave or failing to report to the transfer school for three or more days.
Number of Indigenous Junior High School Dropouts	Number of indigenous junior high school students absent without leave or failing to report to the transfer school for three or more days.

II. Definitions of Gender Statistics Indicators

Indicator	Definition
Number of Students in Remote Areas – Elementary Schools	Number of students enrolled in public and private elementary schools in remote areas, classified as extremely remote, specially remote, or remote according to the criteria for remote schools.
Number of Students in Remote Areas – Junior High Schools	Number of students enrolled in public and private junior high schools in remote areas, classified as extremely remote, specially remote, or remote according to the criteria for remote schools.
Number of Kindergarten Students	Number of students enrolled in public and private kindergartens.
Number of Early Childhood Education and Care Staff Members	Number of principals, teachers, early childhood educators, and assistant early childhood educators approved by the County Government Department of Education.
Number of Indigenous Elementary School Students	Number of indigenous students enrolled in public and private elementary schools (including affiliated but excluding special education schools).
Number of Indigenous Junior High School Students	Number of indigenous students enrolled in public and private junior high schools (including affiliated but excluding special education schools).
Number of Elementary School Students with Poor Naked Eye Vision	Number of elementary school students with poor naked eye vision, defined as visual acuity of less than 0.9 in either eye.
Number of Junior High School Students with Poor Naked Eye Vision	Number of junior high school students with poor naked eye vision, defined as visual acuity of less than 0.9 in either eye.
Number of Special Education School Students	Number of students enrolled in special education schools (including standalone and affiliated divisions), covering senior high, vocational, junior high, elementary, and preschool levels.
Number of Special Education Students in Elementary and Junior High Schools (Disability Category)	Number of special education students in elementary and junior high schools (disability category) attending either special education schools or special classes in general schools.
Number of Community College Students	Number of participants enrolled in self-run or commissioned community college courses.
Number of Participants in Senior Learning Center	Number of participants in activities held by senior learning centers in townships and cities.
Literacy Rate Among Population Aged 15 and Above	The literacy rate of the population aged 15 and above.
Number of Junior High School Principals	Number of principals at public and private junior high schools.
Number of Elementary School Principals	Number of principals at public and private elementary schools.
Educational Attainment Structure of Registered Population Aged 15 and Above – College and Above	The percentage of the registered population aged 15 and above who have received a college degree or higher education, including graduates and non-graduates of two-year, three-year, and five-year post-secondary programs, universities, and graduate schools.
Number of Enrollments in Community Colleges	Number of enrollments in community colleges, calculated based on the number of registrations in formal courses per term, excluding short-term lectures and visits.
Number of Registered Public Library Cardholders	Number of registered public library cardholders in the county.

II. Definitions of Gender Statistics Indicators

Indicator	Definition
Number of Passers of Basic Hakka Language Proficiency Certification	Number of individuals who passed the Basic Hakka Language Proficiency Certification in the county.
Number of Passers of Intermediate Hakka Language Proficiency Certification	Number of individuals who passed the Intermediate Hakka Language Proficiency Certification in the county.
Number of Passers of Upper-Intermediate Hakka Language Proficiency Certification	Number of individuals who passed the Upper-Intermediate Hakka Language Proficiency Certification in the county.
Number of Participants in Indigenous Tribal University Programs	Number of participants in various courses offered by the Indigenous Tribal University Programs in the county.
Achievements in Rural Women's Educational Training by the Council of Agriculture	Number of individuals participating in rural women's educational training classes organized by farmers' associations.
Number of Library Information Borrowing Instances	Number of instances of borrowing books or non-book materials from public libraries in the county during the entire year (each borrowing instance counts as one instance regardless of the number of items borrowed).
Number of Library Items Borrowed	Total number of books or non-book materials borrowed from public libraries in the county during the entire year (counting by number of items).

IV. Personal Safety and Justice

Number of General Criminal Suspects	Identified as suspects through police investigation and transferred for prosecution.
Number of General Criminal Victims	Individuals who suffered physical injury, disability, death, psychological trauma, or property loss due to criminal incidents.
Number of Juvenile Criminal Suspects	Number of suspects aged 12 to under 18 identified through police investigation and transferred for prosecution.
Number of Child Criminal Suspects	Number of suspects under 12 years old identified through police investigation and transferred for prosecution.
Number of Victims of Violent Crimes	Number of victims of violent crimes, including homicide, kidnapping for ransom, robbery, snatching, serious assault, aggravated intimidation for profit, and forcible intercourse.
Number of Suspects of Violations of the Domestic Violence Prevention Act	Total number of suspects identified through police investigation for committing domestic violence (including physical, psychological, or economic abuse) and transferred for prosecution.
Number of Victims Reported in Domestic Violence Cases	Number of victims reported under the Domestic Violence Prevention Act. Each person is counted once per year, regardless of repeated reports.
Number of Victims Reported in Same-Sex Intimate Partner Violence Cases	Number of victims involved in physical or psychological abuse in current or former same-sex intimate partnerships.

II. Definitions of Gender Statistics Indicators

Indicator	Definition
Number of Sexual Harassment Victims	Victims of sexual harassment refer to individuals whose life, body, or sexual autonomy has been violated due to acts of sexual harassment; sexual harassment, excluding acts that constitute sexual assault, refers to conduct of a sexual or gender-related nature imposed against a person's will and involves either of the following: (1) actions expressed or implied, or discriminatory or humiliating speech or conduct, or other behaviors that damage a person's dignity, create a situation of fear, hostility, or offense, or improperly affect their access to work, education, training, services, programs, activities, or normal life; or (2) using a person's submission to or rejection of such conduct as a condition for themselves or others to obtain, lose, or have impaired rights or benefits related to learning, work, training, services, programs, or activities.
Number of Sexual Assault Victims	Number of individuals who were sexually assaulted through coercion, threat, intimidation, hypnosis, or other non-consensual means.
Number of Minors Rescued from Child and Juvenile Sexual Exploitation Cases	Number of individuals under age 18 rescued from child and juvenile sexual exploitation cases.
Number of Robbery Victims	Refers to the number of individuals victimized by robbery, defined as the act of unlawfully seizing another person's movable property with the intent to unlawfully possess it for oneself or a third party, including simple robbery and aggravated robbery.
Number of Missing Persons – Cases Reported	Refers to the number of missing persons cases reported. A missing person is defined as an individual with household registration in Taiwan who falls under any of the following circumstances: (1) left home with a parent or relative and became untraceable; (2) ran away from home and became untraceable; (3) involved in an accident or disaster (e.g., sea, air, or mountain incidents); (4) lost due to getting lost or straying; (5) failed to return from school and became untraceable; (6) went missing due to intellectual disability; (7) went missing due to mental illness; (8) went missing due to natural disasters (e.g., flood, fire, typhoon, earthquake); or (9) became untraceable for other unknown reasons.
Number of Missing Persons – Cases Found	Number of missing persons successfully located, calculated as the sum of those found in the reporting year (month) and those found from previous years (months).
Number of Fire Disaster Casualties – Deaths	Number of individuals who died as a result of fire disasters. This includes those who died at the scene or within 14 days due to fire-related injuries. Fatalities caused by vehicle fires resulting from traffic accidents are excluded from the fire disaster statistics.
Number of Fire Disaster Casualties – Injuries	Number of individuals injured in fire disasters, regardless of the severity of their injuries, including those who later died more than 14 days after the incident. Injuries resulting from vehicle fires caused by traffic accidents are excluded from the fire disaster injury statistics; all other fire-related injuries not involving traffic accidents are included.

II. Definitions of Gender Statistics Indicators

Indicator	Definition
Number of Drunk Driving Suspects	Number of individuals apprehended for violating Article 35, Paragraph 1, Subparagraph 1 of the Road Traffic Management and Penalty Act and Article 114, Paragraph 2 of the Road Traffic Safety Rules, by exceeding the legal blood alcohol concentration limit and being prohibited from driving.
Current Number of Police Personnel	Total number of police personnel, including officers and administrative staff.
Current Number of Indigenous Police Personnel	Total number of indigenous police personnel, including officers and administrative staff.
Number of Taxi Driver Registration Certificates Issued	Number of licensed taxi drivers holding valid registration certificates.
Number of Victims Under 18 in Child and Juvenile Sexual Exploitation Cases	Number of victims under the age of 18 identified in cases of child and juvenile sexual exploitation as defined by the Child and Youth Sexual Exploitation Prevention Act.
Number of Elderly Victims of Various Criminal Cases	Number of elderly individuals victimized in various criminal cases as confirmed by police investigation.
Number of Domestic Violence Prevention Officers	Number of domestic violence prevention officers in police agencies.
Number of Criminal Officers in Task Forces Handling Sexual Assault Cases	Number of criminal officers assigned to task forces handling sexual assault cases.
Current Number of Personnel in Women's and Children's Protection Units	Current number of personnel in women's and children's protection units.
Number of Theft Victims	Number of individuals victimized by theft as defined in Article 320 of the
Number of Injury Case	Number of suspects in injury cases identified and transferred for prosecution.
Number of Injury Case Victims	Number of individuals who suffered injuries in criminal cases.
Number of Robbery Case Suspects	Number of suspects in robbery cases identified and transferred for prosecution.
Number of Volunteer Traffic Police Officers	Number of volunteer traffic police officers selected based on the actual traffic needs of each municipality or county (city) police department and serving in accordance with the Guidelines for the Implementation of Volunteer Traffic Police Services to assist in maintaining traffic order and promoting traffic safety.
Number of Police Officers	Number of police officers appointed and conferred ranks in accordance with the Police Personnel Act, responsible for performing police duties.
Number of Administrative Staff at Police Agencies	Number of administrative personnel in police agencies.
Number of Indigenous Police Officers	Number of indigenous police officers appointed and conferred ranks in accordance with the Police Personnel Act, responsible for performing police duties.
Number of Indigenous Administrative Staff at Police Agencies	Number of indigenous administrative personnel in police agencies.
Number of Protection Orders Issued (by Primary Victim)	Number of protection orders issued by the Hualien District Court upon request.
Number of Missing Indigenous Persons – Cases Reported	Number of reported missing indigenous persons.

V. Health, Medical Care, and Social Support

II. Definitions of Gender Statistics Indicators

Indicator	Definition
Number of Registered Population	Population registered in a specific area as citizens of the Republic of China, regardless of actual residence.
Population Growth Rate	Percentage increase in population over a specified period compared to the previous population.
Proportion of Young	Proportion of population aged 0–14 to total population.
Proportion of Working-Age Population	Proportion of population aged 15–64 to total population.
Proportion of Elderly	Proportion of population aged 65 and above to total population.
Number of Registered Births	Number of births registered during the year.
Crude Birth Rate	Births per 1,000 people in the population.
Number of Registered Deaths	Number of deaths registered during the year.
Crude Death Rate	Deaths per 1,000 people in the population.
Number of In-Migrants	Number of people who moved into a jurisdiction, excluding address changes.
Number of Out-Migrants	Number of people who moved out of a jurisdiction, excluding address changes.
Indigenous Population	Number of Indigenous people with household registration.
Plains Indigenous Peoples	Indigenous people registered as originating from lowland administrative regions.
Mountain Indigenous Peoples	Indigenous people registered as originating from mountainous administrative regions.
Proportion of Young Indigenous Population	Proportion of Indigenous people aged 0–14 to total Indigenous population.
Proportion of Working-Age Indigenous Population	Proportion of Indigenous people aged 15–64 to total Indigenous population.
Proportion of Elderly Indigenous Population	Proportion of Indigenous people aged 65 and above to total Indigenous population.
Adolescent Fertility Rate (Aged 15–19)	Live births per 1,000 females aged 15–19.
Total Fertility Rate of Women of Childbearing Age	Average number of children a hypothetical cohort of women would bear during childbearing years assuming current age-specific fertility rates and no mortality.
Average Age at First Birth	Average age of mothers at first birth.
General Fertility Rate of Male Population	Live births per 1,000 males aged 15–59.
Life Expectancy at Birth	Expected number of years a newborn will live based on current age-specific mortality rates.
Average Age at Death	Arithmetic mean of ages at death.
Median Age at Death	Median age at death.
Average Age at Death – Cancer	Average age at death from cancer.
Median Age at Death – Cancer	Median age at death from cancer.
Mortality Rate (All Causes)	Deaths from all causes per 100,000 population.
Cancer Mortality Rate	Deaths from malignant tumors per 100,000 population.
Accidental Mortality Rate	Deaths from accidents per 100,000 population.
Suicide Mortality Rate	Deaths from suicide per 100,000 population.
Number of Infant Deaths	Deaths of infants under one year of age.
Maternal Mortality Rate	Maternal deaths per 100,000 live births.
Number of Reported Prenatal Checkups	Number of prenatal checkup cases reported by NHI-designated providers.
Number of Women Receiving Mammography	Number of women who received mammography.

II. Definitions of Gender Statistics Indicators

Indicator	Definition
Fecal Occult Blood Test Screening Rate	Percentage of fecal occult blood screening among eligible population.
Number of Living Allowance Payments for Persons with Disabilities	Instances of disability living allowance payments.
Number of Education Subsidies for Students with Disabilities	Number of students with disability ID receiving educational subsidies.
Number of Persons with Disabilities Placed in Welfare Institutions	Number of persons receiving services in disability welfare institutions offering residential care, full-day care, daytime care, or part-time care.
Number of Residents in Long-Term Care, Nursing, and Retirement Institutions	Number of persons currently receiving care in institutions established under relevant laws and standards for elderly welfare, including long-term care, nursing, dementia care, and retirement institutions.
